To Whom it May Concern,

Thank you for your request for REACH Compliance information. Electri-Flex Company is dedicated to providing quality in all aspects of our products and services, including those related to legislative and environmental compliance.

REACH Article 33 requires suppliers to inform recipients if a product contains more than 0.1% (by weight per article) of any substance(s) on the **Substances of Very High Concern (SVHC)** Candidate List. The latest edition of this list was updated on **June 10th, 2022**. To the best of Electri-Flex's knowledge, the products identified above do not contain any SVHC above the specified concentration.

REACH Article 67 identifies certain substance restrictions in **Annex XVII** that might be present in electrical or electronic equipment. The latest edition of this list was updated on **November 19, 2019**. To the best of Electri-Flex's knowledge, the products identified above do not contain any substances subject to Annex XVII Restrictions.

Both of these lists are updated regularly, and Electri-Flex Company monitors these listings with cooperation from our material suppliers in order to ensure proper disclosure of any chemicals that may be present.

Please feel free to contact us with any further questions.

Electri-Flex Company

A handwritten signature in black ink, appearing to read "Henry Dominicis". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
